## 9. Women's Grievance Cell

- To maintain the safety and security of girls and women, a cell has been constituted for the redressal of grievances. Our Women's Grievance Cell always remains vigilant to prevent any form of sexual abuse against students and female workers. If students face harassment from staff or workers, they can file a complaint with our Women's Grievance Cell. The members will investigate the issues, gather evidence, and take the necessary action against the guilty parties. We also focus on preventing such harassment by using discreet monitoring services, which keep a close watch on the entire campus.
- This cell is responsible for maintaining records of grievances, actions taken, and the settlement of grievances. The cell is headed by the principal and includes the Administrative Officer and six female faculty members. A grievance box is placed in the girls' waiting rooms, where students can drop their complaints, if any. The box is opened once a month for review. Any grievances found are scrutinized, and necessary actions are promptly taken by the cell. In case of emergencies, the principal convenes a meeting to address the problems immediately. Over the past two years, the cell has been effectively resolving grievances raised by female students, and the issues have been settled amicably.

## 11. Student Grievance Committee

### GRIEVANCE REDRESSAL COMMITTEES

The objective of the Students' Grievance Redressal Cell is to develop a responsive and accountable attitude among all stakeholders to maintain a harmonious educational atmosphere on the DNPCOE campus. The Students' Grievance Redressal Cell has been established to address the problems reported by students within the institution, with the following functions:

- Redressal of students' grievances.
- To coordinate between students and departments to address grievances.
- To support students who have been deprived of services to which they are entitled.
- To ensure effective solutions to student grievances with an impartial and fair approach.
- To make teaching and supporting staff responsive, accountable, and courteous in their dealings with students.

2.	Grievance redressal mechanism for faculty, staff & student	Grievances of the students are solved with faculty; Head of Department & Principal Grievances of the faculty are solved with the principal

## 17. Grievance Redressal mechanism for Faculty, staff, and students

A grievance redressal mechanism for faculty, staff, and students is a structured framework that addresses concerns, complaints, or disputes in an educational or organizational setting. It ensures transparency, fairness, and prompt resolution of issues while fostering a healthy and inclusive environment. Here is a detailed outline of such a mechanism:

### Objectives

- To provide a fair, impartial, and prompt resolution to grievances.
- To create a supportive environment by addressing complaints effectively.
- To uphold mutual respect and accountability in the organization.

## 18. Introduction

P. S. G. V. P. Mandal's D. N. Patel College of Engineering was established in 1983 by the Honorable Sahakar Maharshi Shri Annasaheb P. K. Patil with the mission to mold the younger generation in advanced technologies of high order, equipping them to meet the challenges of a rapidly developing technological world by fostering discipline, competence, and character among technocrats. The college is guided by a progressive management team led by Shri Bapusaheb Dipakbhai Patil, President of PSGVPM, Shahada. It was the first A-grade college under North Maharashtra University, Jalgaon, and is currently affiliated with Dr. Babasaheb Ambedkar Technological University (Dr. B.A.T.U.), Lonere. The college has a glorious history, with recognition from various educational agencies. It has received NBA accreditation from AICTE and was awarded a 'B' grade by NAAC, Bangalore, in its first assessment cycle.

The college offers undergraduate courses in various engineering streams, including Civil, Computer, Electronics and Telecommunication (E&TC), Electrical, Instrumentation, and Mechanical Engineering. The teaching faculty comprises 54 highly qualified and experienced members who perform their duties with dedication and commitment."

## 19. Mission

"To mould young generation to the new technology of high order that can meet the challenges in the fast-developing technological world by shaping discipline competence and character of technocrats."

## 20. Vision

"To be recognized as an international leader in engineering education, research and the application of knowledge to benefit society globally."
